

PRJ052

PRESSURE PUMP - jet

This economical pressure pump is designed for the supply of water to the garden. It incorporates an automatic pressure controller, stainless steel casing and shaft, Noryl Impeller, Jet and Venturi for safety and reliability. Suitable for suction lift for underground tanks or tanks at differing levels.

CODE	MODEL	POWER		RATED		MAXIMUM		WATER OUTLET	CABLE LENGTH	INLET	OUTLET	SIZE
		AMPS	WATTS	FLOW (L/min)	HEAD (m)	FLOW (L/min)	HEAD (m)	NO. OF TAPS ²				L x W x H (mm)
12277	PRJ052	2.5	370	25	20	55	33	2.4	3m	25 MBSP	25 MBSP	370 x 190 x 380

Applications

- Clean water transfer
- Small house (1 bathroom) or cabin supply
- Garden irrigation
- Suction lift applications
- Pressure boosting
- Ideally suited for 2 to 3 Garden Taps

Benefits

- Reliable, efficient power-saving performance
- Automatic Pressure Controller giving consistent pressure supply
- Run-dry protection and thermal overload protection to protect the Pump
- Special function on Pressure Controller that automatically checks for water every 24 hours after a run dry event

Construction

- Stainless-steel Casing and Shaft
- Carbon/Ceramic Mechanical Seal for reliability
- IP44 Motor with B-class Insulation
- Quick plug Pressure Controller connection
- Stainless Steel Housing
- Noryl Jet and Venturi, Diffuser and Impeller
